Mrs. Lease was still the heroine of the day yesterday and there was hardly an hour during the day that the delegates were not calling for her. It was said that her fight on Suyder had an damaging ously contributed to the sufferers from the effect on her popularity, but there was no evidence of it yesterday, by any means. Of course Mrs. Lease, like every person with a strong individuality, has enemies and these enemies are industriously circulating the report that the fact that she only got two votes in the congressional convention for delegate to the national convention was a rebuke to her opposition to Sayder. This, of course, is not true, but Snyder's friends are making the most of it. The fact is, Mrs. Lease was not placed in nomination for the office at all, and the two votes cast for her were the complimentary votes of a couple of admirers.

The statement of receipts and disburse ments given below covers, of course, only the cash that has passed through my hands as treasurer of the executive committee of the board of trade. Our committee has forwarded many contributions of food and clothing, but as they were not cash they must remain unnoticed—along with the generous acts that were personally ren dered by scores of our citizens at Towarda.

generous acts that were personally rendered by scores of our citizens at Towanda. I wish to state that no money has been paid to any recipient of aid—nothing but supplies have been given. Everything has been purchased in Wichita at cost or less, and as the Pacific Express company and the Missouri Pacific Railway company have kindly shipped all goods free of charge, no dollars have ever gone further than the \$1,142 paid into this fund.

It is probably needless to add that no one has either directly or indirectly received any compensation of any nature for the collection or distribution of this aid.

The goods sent to Towanda were delivered to the relief committee there, of which Mr. R. B. McClure is chairman, and to his and his co-laborers' efficiency is due satisfactory distribution. The aid to the Barnes and Schneider families was dispensed directly to them after careful investigation. The relief to the sufferers from the latter tornado in Butler county
